## Years at Work

Changing Lives  
Since 2021

### Our People

Meet our Airport Dream Team: Sue and Harold.

Sue and Harold lead our PV airport team. Not only they ensure the dogs fly to their new homes and are taken care of at the airport; but also, they look after our amazing flight angels. This amazing duo checks in dogs for their flight, builds kennels, and takes photos at the airport to commemorate dogs' journey to their forever homes. Day or night Sue and Harold are there for us and we are grateful to have them as part of Sula Family!

Thank You Both!

### Is Thank You Ever Enough?

We want to thank Gay Pride and The Gay Pride Committee for their generous donation. Funds were used towards our veterinary bills and this extraordinary gift helps to heal many rescued dogs. From deworming to life changing surgeries, we work hard to save Puerto Vallarta dogs.

### Help for large dogs

Cowardly abandonment of Percy created a wave of support for large dogs at the shelter. Five extra-large kennels have been purchased from donated funds (all that Costco had for sale), as well as numerous fans to keep the dogs on stage cool during the heat wave. Thank you!

### Dog Sponsorship Changes Lives

- Some of our supporters cannot add a dog to their household but fall in love with one of our rescues. Whether it is a dog's story, the look in his/her eyes or our plight for help - people want to help without physical adoption.
- Monthly dog sponsorship helps a specific dog of your choosing and assigns a face to your contributions. We are improving our program to reflect our deep gratitude for monthly sponsorship of our dogs. You will not only receive the Certificate of Sponsorship, but more importantly be a hero in our eyes and sponsored dog's life!
- If you wish to sponsor a dog, please fill out our [Sponsorship Form](#).

### Dog of the Month – Percy

- 5 years old (30/05/2024)
- Siberian Husky, male.
- Current hobbies include strolls outside of the shelter, and one on one time with my walking person.
- Read my story on Facebook.

### It's raining moms and puppies!

- 🏠 Over the last eight weeks 6 pregnant dogs have been rescued by Sula. 1 mom had crossed the rainbow bridge with her puppies while another lost her puppies and is fighting TVT.
- 🏠 4 other moms are expecting puppies, and we are setting up emergency maternity ward. We are expecting lots of puppies!
